Current NRA member with at least 1 yr remaining: NRA #: _____ Exp Date: _____		No charge
Step 3 – Add the membership and NRA fee \$		\$

K.I.S.A. Range Safety Rules

- Always keep firearms pointed in a safe direction.
- Always keep your finger off the trigger until ready to shoot.
- Always keep your gun unloaded until you are at the firing line and the range is declared "HOT." Firearms must be safe (unloaded - magazines removed and actions opened) when entering or exiting the range.
- Cease Firing: Immediately stop shooting when anyone calls "Cease firing."
- COLD Range: Shooters must check with others to ensure firearms are unloaded, actions open and firearms laid down on the shooting bench before going down range. No one is permitted to handle firearms or stand at the firing line while there is a cold range.
- HOT Range: Shooters must check with others to ensure there is no one down range; when the range is declared "HOT" shooters are permitted to commence firing. Only shooters are permitted on the firing line. Shooters may move safe guns to and from the firing line only when the range is "HOT."
- All shooters are responsible for their rounds staying within the confines of this range. Shooters may shoot only from the firing line at the target in line with their position. Shooting at items placed on the ground or at targets not posted at the appropriate height on the target frame enables rounds to escape the range.
- Respect the Range: Please take your trash and used targets off the range when you leave.
- Respect Yourself: Wear eye and ear protection.
- Respect Others: If other members are waiting to shoot, please work together so that everyone gets a chance to use the facilities.
- Abuse of these rules may result in loss of membership and range access

I have read and understood and agree to abide by the above range safety rules.
